# SUCCESS STORY

## NC DAC PASQUOTANK CORRECTION

Northeastern Workforce Development Board

ALBEMARLE COMMISSION  
REGION R COUNCIL OF GOVERNMENTS

**A Journey of Transformative Recruitment** Since November 2024, the NCWorks Career Center has joined forces with the North Carolina Department of Adult Correction (NC DAC) to revolutionize the hiring process for Correctional Officers in Pasquotank County. By hosting monthly hiring events, this dynamic partnership has not only streamlined recruitment but has also set a new benchmark in staffing excellence. These carefully organized events have already led to the onboarding of 30 newly recruited correctional officers—a record number, surpassing any hiring spree seen since the COVID-19 pandemic in 2020. This achievement is a testimonial to the power of a well-coordinated approach that marries community engagement with professional recruitment strategies.

**Looking Forward to Continued Success** Buoyed by this unprecedented success, NC DAC is eagerly preparing for the next chapter. Plans are already underway to host additional hiring events over the coming three months, aiming to fill 36 vacancies at Pasquotank Correctional. This forward-thinking initiative reflects the resilience and adaptability of the partnership, demonstrating a commitment to continuous improvement and an ability to proactively address workforce demands. As the NCWorks Career Center and NC DAC continue this winning collaboration, they are setting a shining example of how dedicated teamwork, innovative recruitment, and community support can drive real, positive change in public service.
